Email from Cambridgeshire and Peterborogh combine authority. To Cllr Bostanci

Good Afternoon Cllr Bostanci,

Hope you are well. There are a few things which I wanted to catch up with you about.

Parking at North End / Guise Lane
I have been advised from A2B that their buses are becoming stuck when trying to turn around at North End / Guise Lane to serve the top end of the village. Would you be able to advise on if there is anything as a parish / council you would be able to do to lobby residents to park more considerately for buses? If a solution cannot be found, we may have little choice but to revise the service to no longer serve that part of the village. I'm happy to work with Cambridgeshire County Council (CCC) on whether we could look at parking enforcement.

Email from Cllr Bostanci to BKPC Clerk & Civil Parking enforcement

Dear Civil Parking Enforcement

Could you please advise if all the yellow lines / signage exist to enforce parking restrictions to allow the buses to turn around at Guise Lane. I believe this has been an issue before, so I am hoping you are aware of the location.

Thanks in advance - we're trying to substantially improve the bus service for Bassingbourn so your cooperation will be appreciated by many! ;-)

Kind regards

Email from Parking enforcement to Cllr Bostanci & Clerk

Good afternoon all

According to our Traffic Regulation Order map, there is a single yellow line at the corner of Guise Ln and North End, which is in operation between Mon-Sat, 08:00-19:00. Is this the restriction you are referring to?

Email from Cllr Bostanci to Clerk.

Is there anything the PC can do to encourage considerate parking? Has this been discussed at PC before.
(Who should I email when you are on extended leave?)

Dear Civil Parking Enforcement

Could you please advise if all the yellow lines / signage exist to enforce parking restrictions to allow the buses to turn around at Guise Lane. I believe this has been an issue before, so I am hoping you are aware of the location.

Thanks in advance - we're trying to substantially improve the bus service for Bassingbourn so your cooperation will be appreciated by many! ;-)

Email from Clerk to Cllr Bostanci

Having had a look at this it seems there are cars parked in contravention of the highway code (opposite or within 10m of a junction Rule 243 and others). I cannot see any yellow lines etc but believe this to be a matter for policing or parking enforcement.

I will still take it to the council on 13.10.2026 and I can notify on Village Voice and social media but in terms of action, we will be limited.

How many people use the bus service as far as Guise Lane? Is it an essential service?
